

# ROTEC

# Gemini 300M 2.0

Adjustable independent heads and foot

Massage for each user

3 ultra-quiet motors

Under-bed lighting

Foldable bed for easy delivery and installation

USB charger

2 illuminated cordless remote control

The Gemini 300M 2.0 is the best in adjustable beds. Its superior manufacturing, features and robust components will completely change the raison d'être of your bedroom.

Leaving no detail out, the Gemini 300M 2.0 benefits from three ultra-quiet motors and a slide base for easy access to the nightstand. The two massage areas and the nightlight under the bed provide both relaxation and safety.

Featuring a Bluetooth receiver, USB socket and wireless backlit remote control, this bed is synonymous with innovation.

In addition to recording your favorite positions, flat, zero gravity and reduced snoring positions are accessible at the touch of a button.
